The property was very clean, comfortable and well equipped. We loved the view over the estuary. The local information was really helpful.

A superb apartment! If you can cope with many steps to the front door, this is definitely a gorgeous place to stay. Apartment was comfortable, spotlessly clean and had a fabulous view. Falmouth itself also exceeded our expectations as a holiday destination. Highly recommended. [Read less](#)

Stunning location, with fantastic view over Falmouth estuary. The apartment was so well resourced and clean. Appreciated the Welcome bag, including wine, biscuits and milk. Would highly recommend.

Quite possibly the best holiday home that we have stayed in. It had absolutely everything and more - every detail had been thought of by the owner. Located at the top of Falmouth town, it's an ideal place to spend some time to explore Cornwall and it's a great workout getting up all the steps and hills! We didn't get lucky with the weather unfortunately but the apartment was really comfortable to stay in and plenty of time spent on the balcony watching the world go round. We would definitely recommend this place and stay again if we were in the area. 5\* [Read less](#)

Our family had a fantastic time at Aggetts Dawn, it has wonderful views of Falmouth harbour and the apartment has everything you need, perfectly situated for exploring Falmouth and beyond.

We had a fantastic time. Aggetts Dawn was in the perfect location to explore Falmouth and once we'd parked up, we didn't move the car until we left. The view was absolutely stunning—come rain or shine! We spent many hours enjoying the harbour on an evening. We travel all over, but Aggetts Dawn has made that very select (and short) list of properties we would return to without hesitation. [Read less](#)

A clean, well appointed apartment, conveniently located for central Falmouth.

The best feature is the inspiring view across the river to Flushing, even in the rain!
